

Four Turnberry Place

Balcony Furniture Acknowledgement

Due to the extremely high winds indigenous to this area, any furniture or accessories placed on the outside terraces (balconies) must be properly secured in order to prevent them from being blown over the side of the building. Even the smallest items create a serious safety hazard for every individual on the grounds, as well as causing property damage to the building or vehicles below. It is important that you inspect each item on your balcony (furniture, plants, ashtrays, etc.) to make certain it is of sufficient weight and/or it is secured (tied down) to prevent any items from being dislodged from the high winds.

If you currently have any items on your balcony, or plan on putting any items on your balcony in the future, please check the appropriate space(s) below indicating the type of material the furniture is made of and how it is being secured.

Glass furniture of any type, including heavy tabletops, is specifically prohibited.
Rinsing any liquid, water, dog waste, or other debris off of any balcony is prohibited.

	Furniture Type (Check all that apply)	Qty of Each	Material (Steel, Wood, Wicker, Plastic, etc.)	Estimated Wt. of Furniture (Heavy, Medium, Light)	Pet Turf (Yes /No)	How Are Items Secured? (Sandbags, Chains, etc.)
Table(s)						
Chair(s)						
Chaise Lounge(s)						
Planter(s)						
Other (Specify)						

Please be advised that you are responsible for the items on your balcony. On windy days it is highly recommended that you anchor your furniture down with heavy weights (i.e. sandbags) or secure it by attaching the furniture together (strapping or chaining) and anchoring it to prevent anything from going over the side of the balcony. To ensure safety, it is recommended that you bring all of your furniture inside on windy days. We especially recommend that you bring the furniture inside before leaving the tower for any extended period of time, as high winds can appear on a moments notice.
